

June 1, 1939.

Mr. Cum Posey,
324 - 13th Ave.,
Homestead, Pa.

Dear Posey:

I am enclosing you a statement of my Umpire advances to date.

Mr. Manley received a phone call from Mr. Gottlieb Monday Night, asking him to come to Phila to get together with Mr. Wilson and try to arrange a Meeting for the near future. Abe was on his way to Virginia and stopped in Phila, just what they arranged I do not know. I had suggested to them that we meet in New York just before the Louis-Galento fight, as I am sure every one will be in New York for that event, and we could have the two Leagues get together on the many questions that have arisen and causing trouble. You will no doubt receive a letter in a few days.

I am telling you this because in your most recent letter to me you spoke of the Umpire situation and Club dues. I believe that at this next Meeting we should be able to get all this business straightened out once and for all.

I have no way of know to date how much salary, if any, was due Umpire Mc Crary on June 1st, as I have received no statement from any of the Clubs of the amount ~~advanced~~, I believe he has only been used in Phila and Newark. I wished you, as Secretary, would urge teams to send statements of the amounts advanced Umpires, although as you said in your letter there is only one Umpire on salary, so he will, of course, be the only one with whose salary I am concerned.

Please let me know what box scores of the Eagles games you have not received. The first ones you did not receive was due directly to the negligence of the Umpire. I have always understood that that was his responsibility. If you let me know which ones you have not received to date, I will send them to you as I have them in the score book. I will see to it personally in the future that box scores of games played in Newark are sent directly to you.

EM:CCJ

Yours truly,
